Telephone Recording Electrifies New Orleanians

Rev. Ronald Melancon Tells Sacred Heart High Girls It Is Mortal Sin To Refuse To Dance, Date, Sit By Negro Boys - Okays Mongrel Marriage

New Orleans was electrified when, on March 2, Parents and Friends of Catholic Children, a group upholding racial segregation, began to broadcast the following telephone message to anyone able to get the organization's number 242-5500:

"Parents and Friends of Catholic Children: If a priest by the name of Father Melancon of St. Francis Xavier has his way, many of your white daughters will date and marry Negro boys. For it was at a recent Assembly lecture that he told the girls of Sacred Heart High here in New Orleans that it was perfectly alright and proper for them to marry Catholic Negroes.

"Father Melancon went on to tell your white daughters that to segregate because of race is a mortal sin and that a refusal by them to date Negro boys when asked is a stain of mortal sin upon their soul.

"Parents, this wasn't just another meeting of race mixers, this was a white Catholic priest telling your white daughters in your Catholic High schools that they would fall under the pain of mortal sin for refusal to date Negro boys.

"How far will it go before white parents strike out at the planned mongrelization of their children?

"To further indoctrinate your daughters with his vicious ideas Father Melancon instructed the girls to hold hands and sing the race mixers anthem, We Shall Overcome. Girls that did not hold hands or sing had their names recorded - for reasons that are not known to us.

"Parents, once more it is your duty to get to the bottom of this, to find out why this idea of race mongrelization is being sold to your white daughters in school. Will your daughter's or son's school be next? Is Father Melancon on a speakers circuit of more schools? You may never know unless you personally visit school superiors and demand that your daughter and son not be infected with these vicious ideas in their schools for which you are paying.

"This telephone message service needs your support. Contributions mailed to P.O. Box 3071 will be appreciated. Thank you."

The Parents and Friends group was speaking of the Rev. Ronald Melancon assistant pastor of St. Francis Xavier Church, 448 Metairie Road, Metairie, La., VE 5-0964.

Since the recording, we have learned from Parents and Friends and other reliable sources that Father Melancon also told the girls of Sacred Heart High, 3222 Canal St., New Orleans, HU 2-4130, that if they boarded a bus or streetcar and did not sit by a Negro because he was a Negro, they were committing a serious (mortal) sin!

A few people who expressed incredulity over the report on Father Melancon are perhaps unaware of the fact that race mongrelization has the support of at least two Catholic groups A story in the Nov. 18, 1963, issue of The Washington, D.C., Evening Star said:

"Full support for the right of whites and Negroes to marry was voiced yesterday by delegates attending the annual convention of the National Catholic Conference for Interracial Justice."

The article said the NCCIJ adopted a resolution calling attention "to the fact that interracial marriage is morally and theologically (biologically?) acceptable under the Roman Catholic Doctrine."

The NCCIJ was even addressed by the Rev. Wyatt Tee Walker, executive director of the leftwing Southern Christian Leadership Conference which is headed by none other than the Rev. Martin Luther King, Jr., Negro race agitator and tool of the Communist Party. The Rev. Mr. Walker told delegates that "the organized church should voice its approval of interracial marriage as morally right and pledge itself to work for the abolition of State laws forbidding it."

King's SCLC, scandalously represented at the Catholic meeting, was infiltrated by an out-and-out Communist, Jack H. O'Dell, alias Hunter Pitts O'Dell, alias John Vesey, alias Ben Jones. According to the St. Louis Globe-Democrat, Oct.. 26, 1962, and The Times-Picayune, August 1, 1963, O'Dell held a top administrative post in King's SCLC. O'Dell's cell on Louisiana Avenue was raided several years ago by New Orleans police. The raid was conducted by Sgt. Hubert Badeaux, then agent in charge of the Intelligence Division of the New Orleans Police Dept. Bradeaux said under oath at Louisiana public hearings held in Baton Rouge March 6-9, 1957, that O'Dell, a Negro, was "the Communist organizer for this district."

Again, the National Catholic Welfare Conference's family life bureau, according to The Times-Picayune, Nov. 25, 1963, "branded as immoral the laws of 20 states that prohibit interracial marriages" at the group's annual meeting in Washington, D.C. The meeting was "attended by 75 clerical and lay leaders in theology, sociology, and other fields related to marriage and family living."

There can be no doubt that Father Melancon, and the Catholic groups cited above, are going along with one of the major aims of the Communist Party. The Daily Worker, Communist paper, May 26, 1928, listed nine demands for "social and racial equality." Demand No. 4 states: "Abolition of laws forbidding inter-marriage of persons of different races.

Klan Wizard Calls Disappearance 'Hoax'

PHILADELPHIA, Miss. —The imperial wizard of the United Knights of the Ku Klux Klan said today the disappearance of three civil rights workers in Neshoba County, was a "hoax intended to raise more money for the civil rights movement."

Robert Shelton Jr., of Tuscaloosa, Ala., who arrived at this tense scene Thursday night, said his purpose in visiting Philadelphia was not to add to the violence or tension, but merely to make a quiet investigation of his own.

"These things follow a pattern," Shelton, a thin, 35-year-old salesman, said. "This is the same story that we had in Birmingham and in Albany, Ga.

"These people like to dramatize situations in order to milk the public of more money for their causes. They hope to raise $250,000 for their campaign in Mississippi and I understand that these funds are slow coming in.

"So they create a hoax like this, put weeping mothers and wives on national television and try to touch the hearts of the nation. Their whole purpose is just to get more money."

Shelton said he planned no KKK demonstrations or acts during his visit, but would confer with members of the Klan in this area.

"They will continue the investigation," he said. "We are convinced that these three young men who are missing, will turn up somewhere else and the whole plot will be exposed."

Physchological Warfare (Wallace)

By Grand Dragon, California

The impact of psycholorical warfare is such that a word can stagger an army and win a continent, and in this, our darkest hour, the white people of America have found that psychological word of impact, and that word is "Wallace".

To many Americans fear to speak out, or to join with those who have taken the field in defense of our national heritage, created by the Caucasian Race, but they have demonstrated in the secret place of the voting booth their resentment to a total social intergration forced upon them by a centralized governmental dictatorship, which is the brain child of Adam Clayton Powell. Further proof of the awakening of the white American population to this danger, is their contribution to Governor Wallace, which amounts to the sum of $2,000 a day, ranging from contributions of one dollar to fifteen dollars. Too often Americans are frightened by the large contributers in any campaign, but it is the steady flow of dollars that count in the long run.

Governor Wallace may never be president, but the psychological impact upon our enemies to this possibility, is our greatest word weapon, and we dare not let this great man fade from the national scene. Therefore, our greatest efforts must be directed in keeping him before the American public.

At present there is proposed demonstration for one million Caucasians to march on Congress, July 4th. The expense for such a undertaking could go a long way twoards a national speaking tour for Governor Wallace, in order that he could speak to the people in many cities and towns throughout these United States, which would have a greater impact on the local level as well as the National Capitol.

The Klan and its allied organizations could join forces in the endevor, and in turn it would bring our activities into a favorable light with many Americans who would assist us, and would perhaps go so far as to get enough courage to take a stand with us, since it could not help but be obvious that our fight is their fight, and together we can win.

The time has come to demand that certain politicians spell out what they mean. When they say they fear what will happen when the Negro takes this fight into the street, and spills some blood during the coming hot summer of demonstrations, since these very same politicians have proven that they have no qualms about using Armed Forces against white people, and especially when they do not have the Constitutional right to do so.

REVOLUTION U.S.A., 1964

According to intelligence experts violence will occur very shortly, during this summer, and this is confirmed by the agitation leaders themselves. We feel it necessary to interrupt our series on Interlocking Subversion to give our readers a run-down on the background of some of the persons involved in the so-called "Civil Rights" movement which will be the catalyst in the Revolution U.S.A., 1964.

For many years there have been several left-wing groups in the United States which were violently opposed to one another although all were Socialist or Communist. These include the Communist Party USA, the Socialist Workers Party, the Socialist Labor Party, the Socialist Party, the Fabian Socialist Sociaty, the "Liberal" movement, the "Catholic" Worker movement (Dorothy Day), the Peace-front groups and the One Worlders.

Today they have all made peace and are openly working together under the leadership of a coalition of the International Communist Conspiracy and the Fabian Socialist intellectuals. With this united front we find programs being presented with members of any of the above groups sharing the platform or program. Their supposed differences have all been ironed out through the efforts of key persons in Washington, D.C. This is the real threat to America because within the coalition will be found those who control most of the radio and TV networks, newspaper syndicates, the tax-exempt foundations, the educators organizations and organized religious association.

The plan for the take-over of the United States is known to many in our intelligence agencies. It provides for the Executive to completely control the Judicial Branch (which has already occurred) and next for the control of the Legislative Branch, which is being worked on now. This is being accomplished by promotion of left-wing ideology, by bribery or promise of reward to opportunists, and, if all else fails, by entrapment and blackmail. The legislator is involved in seemingly harmless, but illegal, financial transactions, or is enticed into illicit sex activities by the use of call girls in the same way the Soviets have been compromising diplomats all over the world for years.

Once the majority of legislators is under control through one means or another, Congress becomes a rubber stamp such as the Soviets and their satellites have. The Executive Branch becomes the only source from which authority emanates and, with a temporary wave of terror to keep the people from resisting federal authority, the take-over is complete.

The Armed Forces must be demoralized, as well as the Police Departments. The destruction of morale in our military services has been the assignment of Adam Yarmolinsky who still has his job in the Defense Department and is also consultant to the Peace and Poverty Corps where a program to convert them to the use of the Conspiracy is under way. Adam Yarmolinsky, with the Fund for the Republic, secured considerable experience in how to destroy national security. The Fund for the Republic spent huge tax-exempt funds in a study of our security systems, gathering their data only from the homesexuals and security risks who had been dismissed. This is typical of their one-sided "studies." A close associate of Yarmolinsky in the Fund for Republic was W.H. Ferry, the F.B.I. - hating Vice President of the Fund for What Republic.

Yarmolinsky authored the Gesell Report, the Muzzling of the Military Program and even Sen. Fulbright's recent pro-Communist speech. He is a power in Washington and was originally declared a security risk in the Defense Department until the decision was overruled (those "higher-ups" again). Yarmolinsky was on the selection board which picked Secretary McMamara who gets his advice (orders) from Yarmolinsky.

The C.I.A., the most powerful agency in government with a fantastic sum of money at its disposal for which it does not have to account, is engaged in some activities other than those for which it is offically given credit. The widespread tapping of telephones by a private detective agency has seven offices in principal cities and operates under the name of International Investigators, Inc. They have contracts with five government agencies, including Bobby Kennedy's Department of Justice. These wiretaps are not to get evidence against Communist conspirators but rather against those patriots in and out of government who are fighting against them. These include Congressmen, Senators, government employees, both in their offices and at home. This technique has been used in the South against those who object to racial agitation and the destruction of State Sovereignty. Beside wiretapping, entries are made into the homes and offices of anti-Communist government employees and others. At least three loyal Americans in government service have had their homes entered and searched while no one was at home during the past thirty days.

Another activity in which the C.I.A., using a front, is engaged is supplying call girls for visiting diplomats from all over the world. To keep the procedure orderly, requests for prostitutes to entertain Africans, Communists or other immoral and degenerate diplomats are routed through certain personnel in the Office of Protocol in The Department of State.

Possible resistance to the International Communist Conspiracy is dealt with by the C.I.A., which has turned over names of underground leaders in Cuba, Panama, the Balkan countries to Soviet Intelligence, which has resulted in their torture and death. In one American Embassy the C.I.A. man in charge of security was caught in a homosexual act in the embassy itself.

To complete the take-over of the United States it is necessary that the people become frightened by some terror or violence which justifies establishing martial law to supercede state and local laws, police or militia units which could cope with the violence if left on their own. To bring this about the Communist Conspiracy has been working for many years on plans to create chaos, violence and terror through the use of Negro extremist. Although the American public has repeatedly been told "there is no Communist influence" in the present civil rights agitation, this is not so. The American people are not being told the truth. Much news is censored, played down, falsified in any matters involving the Communist Conspiracy in the United States. Communist activities are reported in other countries but one would think that they are falling down on the job here, which is just not the case. They are extremely active and their hand can be found everywhere.

Sen. George Smathers of Florida recently demanded that a report which has been called "secret" be made public. The report contains information on the involvement of the Communist Conspiracy in the "Civil Rights" movement. J. Edgar Hoover, testifying before a Congressional Appropriations Committee admitted there is Communist influence in the Negro Integration Movement. This report, however, cannot be made public without permission of the Attorney General, Robert Kennedy, and he is not giving it since he is personally involved in the matter.

Paul Scott, a patriotic nationally syndicated Washington columnist of the Allen-Scott Report, made an address before a group of newspaper editors in Washington on April 16, 1964. Scott, who is noted for his fearless reporting of information received from contracts within government, stated: "The civil rights movement in the U.S. has been infiltrated in top levels by Communists and is being financed by International Communism." He predicted that in the next few months racial demonstrations will bring violence and bloodshed throughout the country. He told the editors he sees a "grim picture of the immediate future of the U.S.," based on inside information given him by persons having access to it. Scott urged an alert and fighting press as the only means of reversing the menacing trends. He predicted the 1964 elections will "probably be the last presidential election we will have."

Louis Harris, Editor of the Augusta, Georgia, 'Chronicle,' told the group he had received information from an intelligence expert that plans have been made for setting up a dictatorship by ordering martial law in every bit city in the United States to quell Communist disturbances disguised as "racial demonstrations."

Scott told the editors also that Bobby Kennedy has not given up his ambitions to become President of the United States and will soon use a grand jury investigation to discredit President Johnson, who is unacceptable to the Kennedy wing of the Democratic Party, and others on the far far left. Bobby and some of the following people involved in the "Civil Rights" movement are those to be wary of in the political maneuverings to establish a dictatorship in United States.

These are a few of the individuals who are outstanding in the movement. Some of the organizations involved in the Civil Rights movement which have Communists or Communist-fronters in their leadership are the Southern Conference Educational Fund, Inc., the N.A.A.C.P., the Congress on Racial Equality (C. C.R.E.) the Montgomery Improvement Association, the National Council of Churches, the Young Socialist Alliance, the Militant Labor Forum (Trotskyite,) the Communist Party USA, the Catholic Worker movement.

Paul Scott has predicted there will be bloodshed within the halls of Congress itself, and insurgency must concern some top Washington officials as there is a special unpublicized "Committee on Counter-insurgency" which supposedly could be used to stop the coming violence. However, since Robert Kennedy is one os the members of this committee, it is more likely it will be used against patriotic Americans who resist the violence and attempt to defend themselves, their families and homes against frenzied mobs who seem to know just where to go to find anti-Communists as shown in the few hours immediately following the Assassination.

Bobby Kennedy has a strong ambition to head this government. He is being talked up as very brilliant among Catholic college students. Unfortunately college students have vervor unalllyed by common sense and experience which come only with age. They are being manipulated to aid and abet the coming violence in the "Civil Rights" movement and are planning to "invade" southern states this summer. Bobby Kennedy should be removed from office and replaced by a competent American such as J. Edgar Hoover, Robert Morris, Jay Sourwine, each of whom knows who the enemies of our country are, and would not be affraid to do what needs to be done.

In the meantime the Conspiracy has its agents planted in strategic positions in our State Department, the CIA, the United Nations, the Defense Department and most other important places. They plan to promote a wave of terror with Negro violence this summer. Right now in New York City a Negro organization called the "Blood Brothers" is roaming the streets of Harlem with the avowed intention of attacking white persons. They are trained to maim and kill. Police suspect they are responsible for the recent murder of four white persons in Harlem (N.Y. Times, 5/3/64.)

The Police Departments of our major cities know that violence is planned for the near future but are afraid to act as they are under attack in a campaign of demoralization with "police brutality" (translation

Revolution

(Continued from page 2)

to enforce the law. If given proper support the police can handle any situation, but as things are going they will not be allowed to do so -- that would be brutal. The police and sheriffs' men are our last line of defense and for this reason there is a nationwide campaign under way to make them ineffective. They need and must have public support against the mealy-mouthed "fair-minded" people who want to coddle the agitators.

In some parts of the country sheriffs have been deputizing able bodied patriotic citizens who will be called into action when the violence begins. This plan is legal and should be advocated and carried out wherever possible. Leading citizens, anti-Communists, Veterans groups could become an immediate reserve force with proper police authority as special deputy sheriffs to put down violence and avoid the intervention of the federal government whose authority, once imposed, might not be be lifted. This deputizing, which has been recommended by General P.A. Del Valle, should be urged by all Americans.

Patriotic citizens must be prepared to aid the police and their deputies in defending their homes against the violence and bloodshed which will be upon us before long and from which we may not emerge as a free people if steps are not taken to cope with on a local level. The greatest fear the Conspiracy has is a grass roots awareness of the fact that a revolution is taking place, a change in our system of government, a take-over from above, quietly, by people who pretend to be something they are not - loyal Americans.

Mississippi Marked for new Invasion

Citizens of Mississippi have been warned to expect a bloody assault upon their state this summer by the National Council of Churches, the World Council of Churches, the National Association for the Advancement of Colored People, the Non-Violent Coordinating Committee and other integrationist, race-agitating groups.

The National Council of Churches has announced it will send a "task force" of men and money into the mississippi Delta to wage war on what it describes as "persistent" poverty and racial injustice. The Delta project will call for a tentative annual budget of $250,000 with the National Council paying for 60 per cent of the cost and the World Council picking up the tab for the remaining 40 per cent. Officials of the National Council of Churches are entering into this project with the frank acknowledgment that they expect to become involved--on the Negroes' side--in clashes between white and negro residents of Mississippi.

Complementing this racial agitation will be what The Harvard Crimson--Harvard University's daily newspaper--has described as an invasion by militant young Negroes of the NAACP and the SNCC. In its issue of March 11, The Crimson attributes to Claude Weaver. SNCC worker and Harvard student recently released from jail in Jackson, a statement that "Negroes might start killing the white people in Mississippi pretty soon."

"Yes," Weaver is quoted as saying, "if we wanted to get a small Mau Mau going, it wouldn't be difficult...Might be a nice summer project."

In an editorial of March 12, The Crimson speculates upon the coming invasion of Mississippi as follows:

"This summer will witness a massive, daring, probably bloody, assault on the racial barriers of Mississippi...

"The 1964 plan...calls for an invasion of 'over 1,000 Peace-Corps-type volunteers,' in order to 'shake Mississippi out of the Middle Ages.'

"Where former projects concentrated on a specific grievance, such as voting or public accomodations, this summer's effort will cover the whole field at once. An accelerated voter registration campaign aimed at the November elections has already begun. Freedom schools, stressing political educations and the humanities, will be established in Negro areas. The project also provides for special community centers staffed by nurses, librarians, and social workers. Still more ambitious is the White Community Project, designed to 'organize poor white areas in order to eliminate bigotry, poberty, and ignorance.'

"And for the first time, active self-defense and actual retaliation, though not officially advocated, are being openly discussed.

"Civil rights leaders carefully weighed the possible consequences of the radical changes before endorsing them. They knew the program would alienate some Northern white moderates, but they argued, rightly, there is no other way to liberate Mississippi. Mississippi is the only state where a majority of whites don't consider desegregation 'inevitable.' Remembering 17 years, Mississippians plan to resist until the North again tires of crusading.

"...Central to the project... is the anticipated lawlessness of Mississippi whites. The planners reason that massive non-violence will precipitate a crisis of violence, which they consider prerequisite for further progress. Understandably, such candid reasoning disturbs moderates torn between respect for civil tranquility and support for civil rights. In this case, however, rights and tranquility are not compatible."

So there you have it. There is the explanation of why the National Council of Churches is lobbying alongside the NAACP for passage of the infamous civil rights bill in the Senate today.

No longer content to sponsor such mild interracial activities as its annual observance of "Race Relations Sunday," the National Council of Churches now espouses an integrationist movement which it expects to end in violence.

If your church is a member of the NCC, part of every church donation you make will be used to finance this racial strife. Is this what you want?

COUNTER-ACTION

by Georgia Klansmen Downtown, Atlanta

Portion of Thousands Gathered at Hurt Park, Atlanta

DID YOU KNOW?

Adam Clayton Powell is an immoral clergyman and Congressman from Harlem, N.Y.C. He has been affiliated with 114 Communist fronts and has raised funds for Communist causes. He works in close cooperation with all agitation groups, including Malcolm X and his riflemen, and the Black Muslims who have over 100,000 members.

Martin Luther King has been working with the Communists for years, a fact which has finally been admitted by even liberal writers. Carl Prussion, an F.B.I. counterspy, made a sworn affadavit which clearly proves this and it has been unchallenged.

Malcolm X is a convicted narcotics peddler and panderer. He has already organized sixteen large rifle clubs in different parts of the United States. He openly advocates violence against white people. Reports from all over the United States indicates the purchase of large quantities of rifles by Negroes.

Jacob Javits is a spokesman in Congress for the Civil rights agitators. Dr. Bella Dodd swore she started Javits in politics at the request of the Communist Party. She stated that it was arranged for him to get the Republican nomination in Washington Heights, N.Y. City, although he did not live in that Congressioanl District and was a registered Democrat. The Democratic Party was conviently split and Javits won the election. Another "liberal" spokesman appeared on the national scene.

Drew Pearson is a columnist who promotes the programs of the leftwingers and is always willing to attack anyone who opposes Communism. He is working with the agitation groups. This character arranged to have George Lincoln Rockwell, the so-called 'Nazi,' picket his home in exchange for giving Rockwell the publicity he seeks in his attempts to discredit the legitimate "rightwing" conservative movements. Pearson has been called a liar and hypocrite even by Presidents of the United States. Fellow newsmen should check the records of his involvement in an incident in Lafayette Park, Washington, D.C. in 1952.

Algernon D. Black is Chairman of the National Committee Against Discrimination in Housing, a National Director of the N.A.A.C.P., head of the atheistic Ethical Culture Society. He has had sixty affiliations with cited Communits fronts. He has been active in the Council on African Affairs and has been an admirer of the Abraham Lincoln Brigade as well as the Communist leaders in the United States.

Bayard Rustin is the Negro agitator who organized the March on Washington in August, 1963 and who was co-chairman of the New York City school boycott in which 400,000 people participated. He is a convicted homosexual who served a term in federal prison rather than serve in the armed forces of our country. He showed his affinity to the Communist Conspiracy early in life by joining the Young Communist League. He was recently an honored guest at a cocktail party in the Soviet Embassy but would have us believe he is no longer a Communist. With enemies like him they don't need friends.

Ralph J. Bunche is one of the "untouchables." He was identified as a Communist by Manning Johnson who died an untimely death shortly thereafter. He has been affiliated with a long list of Communist fronts and attended secret meetings in Washington, a fact which there are witnesses still living to prove. He is a National Director of the N.A.A.C.P. and is deeply involved in the Conspiracy. Bunche is a behind-the-scenes leader in the racial agitation movement, aided by Adlai Stevenson and other sinister influences at the U.N.

Rev. Milton Galamison is a figure to TV audiences as he has been provided this rostrum many times to air his views. He helped Bayard Rustin run the N.Y. City school boycott and attempted to disrupt the World's Fair opening with a "stall-in" of cars to block all highways leading to the fair. This was a complete failure fortunately. Galamison has been observed meeting with James Jackson, Editor of the Communist paper, "The Worker." Jackson is a policy maker in Negro matters for the Communist Party USA. Galamison approves of desperate action, an odd type of minister of God.

Lloyd Garrison is a law partner of Adlai Stevenson and a friend of Alger Hiss. He has been in charge of the National Legal Committee of the N.A.A.C.P. Garrison went on record as favoring Communists being commissioned as officers in the U.S. Army. From this law firm came Morris Abrams who is trying to get U.S. citizens put under the U.N. courts in discrimination cases. Stevenson has more than a passing interest in diamonds in the Congo where the U.N. intervened so unpeacefully in the name of peace, and we all know diamonds are a girl's best friend.

'Hoax'

(Continued from page 1)

City, and James Chaney, a Meridian, Miss., Negro, disappeared Sunday shortly after being arrested on a speeding charge. Their burned station wagon was found in a swamp 13 miles northeast of this county seat but no trace of the young men themselves has been uncovered.

The government ordered 100 sailors into the area to beat the snake-infested swamps foot by foot.

The government's action drew a sharp blast from the Klan's imperial wizard.

"The civil rights people and President Johnson are castigating the good people of Philadelphia," he said. "If they wanted to do something decent for America, why don't they go after the Communists who are known to be infiltrating the civil rights movement?

"Also, why don't they send sailors and Marines or federal troops into New York where white people are being killed on the streets and intimidated on subways by knife-wielding Negroes?"

Shelton said he had no concrete evidence at the moment that the civil rights trio was still alive. But, he said, everything pointed in that direction.

"If anyone was so clever that he could hide the bodies of three men, why would he leave an automobile where it could be easily spotted?" he asked.

Shelton said he plans to return to Tuscaloosa tonight where a giant KKK rally is scheduled in the fair grounds Saturday.

Robert Creel, G.D.

Fellow Klansmen and friends, I would like to take this opportunity to express my thanks and appreciation for the support of each and everyone of you. We have had good turn outs for the past rallies but we always strive to do better in the future, for one can never do enough in carrying this fight to the people of our Great State and our Great Nation. This is one thing we should stress at all times to our selves and to the public that we are Americans, we are not the outcasts as they (the liberal element) would have people believe. To be truthful we are the ones who should be calling the other side some of the names we are called. To do this we must first organize and then it will be possible for us to put the liberals on the defensive. For too long we ourselves have taken the attitude that we are being pushed because we are the minority. The time has come for us to take offensive and push all of the communistic liberals to the wall. Our fine Statesman, Gov. Wallace has shown the way, we must call on all the Northern patriots to come and join with us and we will be able to take care of sell out politicians in a manner in which they understand, by voting him out of a job. This is another thing we should do and that is write our public officials and remind them they work for us and not we for them. Most of our elected officials soon get the attitude that we (the public) are not capable of thinking for ourself, therefore we don't know what is good for us or how we want our business run. This is not only true of the politicans in Washington but many times it holds true in our local offices as well.

Fellow Klansmen and friends let's all put forth a greater effort and make the Great State and Great Nation grow and organize so we can call the shots from now on.

Remember the following rallies and do your best to try and attend as many as possible. One other thing don't go alone take your wife and family, also your neighbors.

Benjamin J. Davis of CPUSA.

In the August, 1963 edition of *Political Affairs*, Benjamin J. Davis, the well-known Negro who is National Secretary of the CPUSA wrote:

...Communists hold that this (the race crisis) is the central domestic issue before the country.

The Communist Party greets with boundless joy the present revolutionary freedom movement of the Negro people and will spare no sacrifice to help bring about its total victory now...

A DUTY CALL

If you are a natural born white American man,
Your duty is to join the Ku Klux Klan.
And help your brother who is brave and true,
To make America a home for me and you.
We will fight the battle with a smile,
And live a life that is really worthwhile.

A

We don't horsewhip people as some may say,
We can clean out America in a better way.
After working under the law there is no apology,
That we have to make to Taulbert Holliday.
We are not law breakers as he has stated,
That charge and us are not related.

Y

We defend our Klansmen and our Klansmen's wife,
We will protect them as long as there is life.
We will fight for his family and his sister too,
And all other ladies that are moral and true.
All of our meetings are opened by prayer,
Our flag and the Bible are always found there.

A

Come all ye citizens brave and strong,
Help shove this good old thing along.
Don't stop for sunshine, rain or snow,
There is always some place that you should go.
Now is the time for you to work,
When the battle is over; then you may shirk.

We back up the Constitution and its laws,
We are fighting the lawbreaker without a pause.
The drunkard and the gambler or the bootleggers den,
We tear up these joints and the criminals we pen.
The burglar and the murder we put on the bum,
We will make them think their time has come.

Protected District of Columbia

Some writers suggest that the Supreme Court, in its decision since 1950 as chartered bold, new horizons for the good of the American people. Others believe that many of America's more serious domestic troubles today are directly stemmed from Supreme Court decisions disregarding the rights of an overwhelming majority of citizens and emphasizing exaggerated rights for a motley assortment of pinks, punks, and queers whose cases have come before the Court.

One direct and readily demonstrable result of the Court's decisions is in the criminal field---the field of law enforcement. This has been the marked increase of crime in the dismal situation a poor example for the rest of the Nation, but it is a direct reflection of the inability of police officers in the District to exercise that degree of firm, swift justice in law enforcement that is essential to retain both the respect and fear of the criminal element.

It is about time that those in the highest places in the United States who want to see a better America get hold of themselves and start helping, rather than hurting, America.

WASHINGTON--Thirty six girls and boys from Maine, who came here to march in the National School Safety Patrol parade, walked out of their hotel to go sightseeing the other evening--into an ambush by one of the wolfpack gangs of the Nation's Capital.

The young visitors were stoned, manhandled, and jeered by a mob of Negro boys before they could escape back to their hotel.

A few nights later, Mrs. Marl Christersen, receptionist for Senator Carl Curtis, Republican, of Nebraska, was choked and beaten in her bed in her home near Capitol Hill.

Washingtonians fear for their lives by night and by day in a capital where murder, mass rape, burglary, and sadistic beatings accompanied by eye gouging and stomping have become commonplace.

Last month major crimes here were 34 percent higher than in April a year ago. For 23 consecutive months the crime rate has been rising.

Some of the more recent terrifying crimes committed by members of both races in this capital turned jungle are these:

A 17-year-old girl, who fell trying to escape a wolfpack, was raped by 10 boys. A pack of 25 boys beat and robbed 2 women sitting in a stalled car. Two teenage girls hailed a cab, held up the driver, and shot him as he tried to flee.

A busdriver was brutally beaten and robbed by a small pack while 39 passengers watched without giving help.

Merchants are advertising tear gas weapons for citizens' protection, 85 percent of the cabdrivers fear to work at night, and men as well as women are afraid to leave their homes after nightfall.

Policemen with dogs roam the grounds of the Capitol but they cannot prevent such attacks on tourists as that in which a woman was beaten and robbed on the Capitol steps by girls who smashed her eye glasses.

Police are assigned to escort women employees of Members of Congress to their cars when they leave work at night. Women employees of the Supreme Court, facing the Capitol, are similarly guarded.

Representative John McFall, Democrat, of California, has said it is irony for Chief Justice Earl Warren's Court to guard its women while making rulings that hamper the police and protect the criminal.

One Supreme Court ruling under fire is known as the Mallory rule. Under it, judges free murderers and other criminals whom judges deem to have been held too long before arraignment even though guilt is evident.

The Durham rule by the Federal court of appeals is another rule about which the police complain.

Under it, a jury here found a man not guilty of raping three women, but it found him guilty of robbing the women at the same time the rapes were committed. He has pleaded insanity and the jury invoked the rule, holding that he was insane about rape but sane about robbery.

Members of Congress complain jurists recognize every technicality to portect the criminal but do little to protect the citizens.

The District of Columbia Commissioners, without consulting Congress, banned "investigative arrests." The ban prevents police from questioning known criminals suspected of specific crimes unless the police have a formal charge against them.

Members of wolfpacks now taunt police with:

"I don't have to talk to you or even give you my name unless you've got a charge against me."

GUNS AVAILABLE

The Constitution guarantees the right of citizens to bear arms. Any Washington boy with $6.98 can buy a pistol from a mail order house. A high school girl recently was shot by a youthful sniper.

Switch-blade knives are the standard equipment of juvenile lawbreakers who have not achieved the gun-toting class.

The cruelty of Washington's wolfpacks is incomprehensible. When young criminals finished robbing an elderly concert pianist recently, they beat him to death with a tree limb.

The beatings these criminals minister to old men sitting on park benches are beyond comprehension. Shopkeepers who submit to holdups are stabbed, beaten and sometimes murdered.

Some of the wolfpacks, after beating their victims to the ground, gouge their eyes and stomp them to break their ribs.

Even Members of Congress, Government officials, and members of congressional staffs have been victims of robberies beatings, burglaries, and purse snatchings.

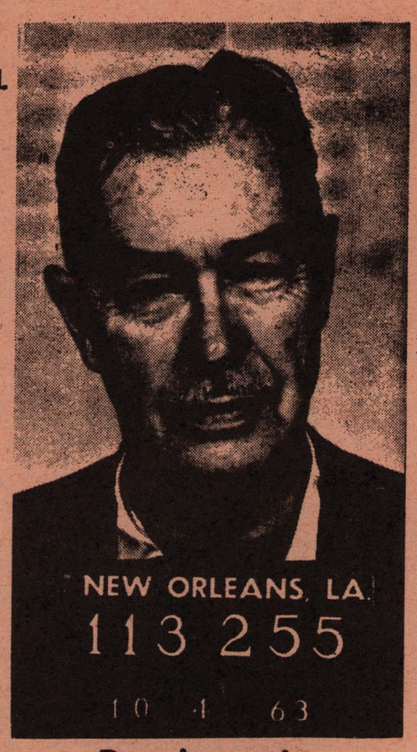
The Southern Conference For Human Welfare, was conceived, set up, and financed by the Communist party in 1938 as a mass organization to promote Communism throughout the Southern States. It was exposed as a Communist front a few years later, and was exposed by a Government Committee which stated that the Southern Conference for Human Welfare received funds from the Robert Marshall Foundation, which supplies funds through which many Communist fronts operate. This organization was established according to conclusive investigation as a hard-core Communist front which claimed to attract Southern Liberals on the basis of seeming interest in the problems of the South, but in reality was serving the purposes of the Soviet Union. After this organization, the Southern Conference for Human Welfare which was established in 1938, was exposed, it was dissolved to wither and die, but it was replaced in the twinkling of an eye, by the Southern Conference Educational Fund. This organization maintained the same address, 822 Perdido Street in New Orleans, the same telephone number, generally the same officer, and it continued to publish the same paper as was published by the Southern Conference for Human Welfare, which is "The Southern Patriot", which is still being published and distributed in voluminous numbers today.

This paper has been cited in the Guide to Subversive Organizations and Publications as a subversive publication.

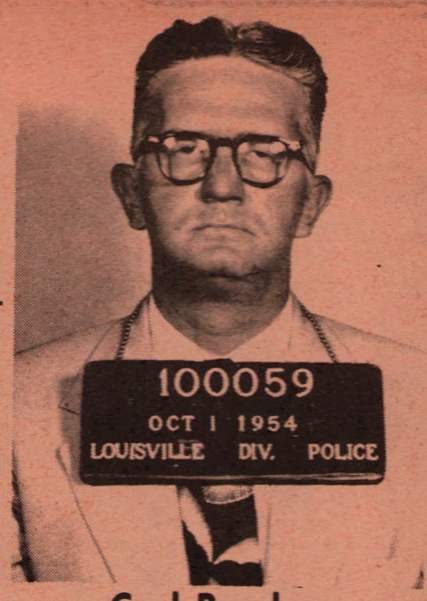
The Southern Conference for Human Welfare, the parent, and the Southern Conference Educational Fund, the current form are identical organizations. The Senate Internal Security Sub-Committee brought this out in a Hearing. The guiding genius behind the Southern Conference Educational Fund are Dr. James A. Dombrowski, Executive Director; Mr. Carl Braden, and Mrs. Anne Braden of Louisiville, Kentucky. They have been identified in sworn testimony as Communist Party members.

Anne Braden



Dombrowski

In addition to these three people, who take part in the overall management of the Southern Conference Educational Fund are Rev. Fred Shuttlesworth, who has been recently appointed President of this organization, replacing Aubrey Williams; Aubrey Williams, himself; William Howard Melish of New York; Benjamin E. Smith of New Orleans; and his law partner, Bruce Waltzer.



Carl Braden

Rev. Fred Shuttlesworth was responsible for the formation of the M.I.A., the Montgomery Improvement Association, Montgomery, Alabama, several years ago. In 1941, he was arrested and pled quilty in District Court in the State of Alabama to the illegal distillation of whiskey, commonly known as moonshining. After entering this guilty plea, he received a sentence of one year in the State Penitentiary, was given a suspended sentence on that, and also in adition, received a sentence of two years supervised probation. Fred Shuttlesworth has been previously identified as Vice-President of the Southern Christian Leadership Conference, and has been affiliated with several communist-front organizations.

Smith

Aubrey Williams in April of 1954 at hearings held in New Orleans by the Senate Internal Security Subcommittee, was identified as a Communist Party member by one witness who had been in the party, and was identified by another witness at the same time as one who had accepted Communist Party discipline. Aubrey Williams is the editor of The Southern Farmer. He has previously been connected with the High-Lander Folk School at Monteagle, Tennessee, and at this time is President Emeritus of the Southern Conference Educational Fund.

William Howard Melish was a minister and has been identified in sworn testimony as a communist party member. Melish is on the staff of the Southern Conference Education Fund, and has been for some time. Rev. Melish was identified as a member of the communist party in testimony before the subversive activities control Board in the course of its hearings on the National Council of American Soviet friendship. Rev. Melish has been identified as the eastern representative of the Southern Conference Educational Fund.

Benjamin E. Smith is an attorney in the city of New Orleans, he is the treasurer of Southern Conference Educational Fund. Smith at Southern Educational Fund hearings in New Orleans in 1954 identified himself as counsel to the Southern Conference Educational Fund: he is treasurer of this subversive organization at this time; he has held high office in the National Lawyers guild...Smith has been a member at large of the executive board of the organization, the National Legal Bulwark of the Communist Party, which has rallied to the defense of communist law-breakers, and violators of the Smith act, and has never failed to rally to their defense."

Waltzer

On October 20, 1954 the Daily Worker stated that a total of one hundred and seventy-five educators, lawyers, writers, ministers, artists, doctors, and others from thirty-three states addressed an open letter to President Eisenhower urging him to grant amnesty to the political prisoners convicted under the Smith Act. Benjamin E. Smith of New Orleans, Louisiana was named as one of those who signed the open letter. Benjamin Smith of the National Lawyers Guild was elected a member-at-large of its executive board at the 1956 convention, according to the lawyers Guild Review. The spring of 1957 Issue of the Lawyers Guild Review lists Benjamin Smith as having been elected a member-at-large of the executive board of the Lawyers Guild at the 1957 convention. Benjamin Smith's photograph appeared in the March 11, 1962 edition of the "The Worker" a Communist organ. The news article accompanying the photograph stated he was one of six southern attorneys presented awards by Wayne Circuit Judge James Montante at a National Lawyers Guild luncheon for his anti-bias struggle in the South. Mr. Benjamin Smith has represented the Rev. Ashton Jones in a civil suit against officials in the city of Shreveport. The funds for Mr. Smith were supplied by the Emergency Civil Liberties Committee, which has been cited as a Communist front organization, and at the present time has for its avowed purpose, the abolition of the House Un-American Activities Committee, and to discredit the Federal Bureau of Investigation and Mr. Hoover. Mr. Smith has appeared at a meeting in Chapel Hill, North Carolina in recent months in response to the Southern

SYMBOLS of the KLAN

ROBERT M. SHELTON
Imperial Wizard

The language of symbolism is the most beautiful, the most expressive and the most impressive of any language known to mankind. Who can read the story of Noah's Ark without thinking of the church; or the story of the scape goat, the brazen serpent or the feast of the Passover without thinking of the Christ who takes away all of our iniquities and deliver us from the bondage of sin.

In the sublime ceremonies of Klancraft, I take it that we use seven significent symbols, each of which conveys and inculcates a very beautiful lesson, and emphasizes a great Klan principle, when the language of symbols is properly understood. They are, in the order of their importance; The Bible, the Cross, the Flag, the Sword, the Water, the Robe and the Hood.

Not many Klansmen have ever thought of these commonplace things as having any special significance, or as being especially expressive of fundamental Klan principle. Whether the founder of the Klan has this idea in mind or not, we do not know; but we do know that the symbolical meaning of these things makes a wonderful impression of Klansmen, and gives a most surprizing emphasis to the sacred, and sublime principles of Klankraft.

Everywhere we have lectured on this great subject and explained the meaning of these symbols, men have listened with an intense wonderment, saying afterwards; 'We never heard it like that before. That is wonderful, beautiful and strangely gripping I want a copy of the explanation.

As we have no copyright on it, and seek to conbribute our small bit to the success of our great Order, we are giving you the benefit of our ideals, with the sincere and unselfish hope that it will help every Klansman who reads it to be a better Klansman, and have a higher, nobler and hollier regard for, and opinion of the EMPIRE of CHIVALRY HONOR, INDUSTRY, PATRIOTISM and LOVE

THE BIBLE

This BOOK DIVINE signifies that there is a GOD. No sane man of reasonable intelligence can look upon this sacred volume without thinking of GOD as its author, righteousness as its aim, and eternal life as its end. It is a constant reminder that GOD is OUR FATHER, LIFE is our opportunity, and HEAVEN is our HOME. It reveals the way of life, and cause of death. It is a LAMP unto our feet, a light unto our pathway, and the only sure guide to right living. It is the book of books and reveals the only TRUE GOD.

In a Klavern you will always find this wonderful book opened at the twelfth chapter of Romans. This is the most complete chapter in the whole Bible on Christian living. It is a constant reminder of the tenets of the CHRISTIAN RELIGION, and is a KLANSMANS LAW of LIFE. Every Klansman should read it the first thing ever morning and endeavor to live by it during the day. 'I BESEECH YOU THEREFORE BRETHERN BY THE MERCIES OF GOD', that you follow its teachings.

THE CROSS

Out of the wonderful story of the sacred pages of this old BOOK DIVINE comes the sad, sweet story of CALVARYS rugged but HOLY CROSS. This old cross is a SYMBOL of SACRIFICE and SERVICE, and a sign of the CHRISTIAN RELIGION, Sanctified and made holy nearly nineteen centuries ago by the suffering and blood of fifty million martyrs who died in the most holy faith, it stands in every Klavern of the United Klans of America, Knights of the Ku Klux Klan as a constant reminder that CHRIST is our criterion of character, and His teachings our rule of life-blood-bought, holy, sanctified and sublime.

It was once a sign of ignominy, disgrace and shame, but being bathed in the blood of the lowly Nazarene, it has been transformed into a symbol of FAITH, HOPE and LOVE. It inspired the Crusaders of the Middle Ages in their perilous efforts to rescue the Holy Land from the heathern Turks; and is today being used to rally the forces of Christianity against the ever increasing hoards of anti-Christ and the enemies of the principles of pure Americanism.

We have added the fire to signify that 'CHRIST IS THE LIGHT OF THE WCRLD.' As light drives away the darkness and gloom, so a knowledge of the truth dispels ignorance and superstition. As fire purifies gold, silver and precious stones, but destroys the dross, wood, hay and stubble; so by the fire of Calvarys cross we mean to purify and cleanse our virtues by burning out our vices with the fire of HIS SWORD. Who can look upon this sublime symbol, or sit in its sacred, holy light without being inspired with a holy desire and determination to be a better man? 'BY THIS SIGN WE CONGUER.'

THE FLAG

This old flag, purchased by the blood and suffering of AMERICAN HEROES, represents the price paid for American liberties. It is the symbol of the Constitution of the United States of AMERICA, free speech, free press, free schools, freedom of worship and all CONSTITUTIONAL LAWS, BOTH STATE AND NATIONAL.

Its RED is the BLOOD of American heroes that stained a hundred battlefields. Its WHITE symbolizes the PURITY of AMERICAN WOMANHOOD and the SANCTITY of AMERICAN HOMES. Its BLUE is but a patch of American unclouded sky, snatched from the diamond-studded canopy that bends over our native land. Its STARS represent an AGGREGATION of UNDERFEATED STATES bound together in an inseparable union.

'Its red is the red of the
sunsets evening glow,
Its white is the white of the
winters driven snow
Its blue is the blue of the
ocean, sea, and sky,
Its stars the states of a union
THAT MUST NOT DIE.'

It has never been trailed in the dust, trampled in the dust, or defeated in battle. It has never led a retreat of been hauled down at the command of a enemy. It is the greatest and most glorious flag that ever floated in a breeze or waved over land or sea. It was purchased by the sacrifice and blood of our fathers, and we have most SACREDLY VOWED that we will uphold and DEFEND it with our sacred honor, our property, our blood and our lives. May we ever be true to our vow. Under its fluttering folds, as it floats in the gentle breeze in every Klavern, the United Klans of America, Knights of the Ku Klus Klan will forever defend the principles of a pure Americanism, and thus perpetuate the sacred memory of our venerable and heroic dead.

Who can stand under these stars and stripes, remembering the sacred traditions that entwine about its holy past, without feeling that sublime patriotism that inspired our noble sires to die for OUR OWN, OUR NATIVE LAND?

THE SWORD

This unsheathed sword of steel is a symbol of law enforcement. It represents the military, or enforcement powers of our government, from the president down to the constable. Its presence on our sacred altar signifies that we, as an organization, are solidly behind every enforcement officer in the land, to help, aid and assist in the PROPER PERFORMANCE of their LEGAL duties. We stand unconditionally and unqualifieldy for the just and impartial enforcement of law, and for the defense and protection of all rights and privileges of all citizens alike.

This sword also signifies that we are set for the defense of our Flag and all that it symbolizes against the attack and invasion of every foreign power, government, sect, ruler or people in the whole world. We believe in AMERICA FRO AMERICANS, and are sworn to defend it by all justifiable means and methods, from any encroachment whatever, from any source whatever, whether it be traitors within or enemies without. This sword is a constant reminder of our obligation to defend our country and enforce its laws, through DULY CONSTITUTED authorities and justifiable means and methods. May we wield it wisely and well in defense of our COUNTRY, OUR HOMES, OUR FLAG, OUR LIBERTIES and HUMANITY.

THE WATER

'This God-given, powerful, life-giving fluid, more precious and far more significant than all the sacred oils of an ancients,' is a symbol of the purity of life and the unity of purpose. With this divinely distilled fluid we have been dedicated and set apart, in body, in mind, in spirit and in life, to the sacred, sublime and holy principles of Klankraft. In this dedicatory service we are solemnly admonished to keep our character as transparent and as clear and clean as the liquid in this glass. A drop of ink of blood in this crystal fluid will have the same effect as sin in our lives. May we keep our record clear and transparent free from the sinstains of evil and wrong doing.

As water is useful to human life, so may we as Klansmen, be useful to humanity. As drops of water mingle and intermingle, thus becoming one solid mass, may we as Klansmen become so united, each with the other that we will become one solid mass, or one body in Klankraft. Thus we see the water is a beautiful symbol of unity, usefulness and purity. Who can fail to learn from these drops of water, the lesson of real Klanisheness, and of brotherhood in a common service to mankind?

THE ROBE

'THE distinguishing marks of a Klansman are not found in the fiber of his garment, or in his social, political or financial standing; but they are spiritual, viz; a chivalric head, a compassionate heart, a prudent tongue and a courageous will; all devoted and consecrated to our country, our homes, our Klan and each other.'

We use the robe to signify that we do not judge men by the clothes they wear, and to conceal the difference in our clothing as well as our personality. There are no rich or poor, high or low, in Klankraft. As we look upon a body of Klansmen robed in white we are forcibly reminded that they are on a common level. By this means we also help to conceal our identity, which is an essential principle of Klankraft.

This white robe is also a symbol of the robe of righteousness to be worn by the saints in the land of YET-TO-COME. The age apostle, a prisoner of the Island of Patmos, peeped into the portals of the Great Beyond, and caught a glimpse of that saints robed in white 'Which was the righteousness of Christ.' Taking Christ as our criterion of character, and endeavoring to follow His teachings, Klansmen wear this white robe to signify that they desire to put on that white robe which is the righteousness of Christ., in that Empire Invisible, that lies out beyond the vale of death where there will be no more parting and no more tears.

'A lying scoundrel may wrap his disgraceful frame in the sacred folds of a Klansman's robe and deceived the very e-

Conference Educational Fund, which featured several speakers who have previously been identified in sworn testimony as Communist Party members.

The Southern Conferenre Educational Fund operates openly and publicly as an organization to promote racial harmony in the South. The actual functions underneath are to fulfill the purposes of the Communist conspiracy. This organization disseminates a large amount of propaganda through its subversive organ, "The Southern Patriot", which has a large circulation. At no time have we ever found that this organization has attacked the Communist Party, it has consistently stayed with the Party-line. They have engaged in open cooperation with other communist-front organizations. Mr. Benjamin Smith has corresponded with at least one citizens in Shreveport at which time he sent a letter to sign a petition to urge clemency for Carl Braden who was serving time in the Federal Penitentiary for contempt of the House Un-American Activities Committee. He was also soliciting funds. This letter was signed Benjamin E. Smith, and mailed on Southern Conference Educational Fund stationery. It contained a copy of the petition with the initial signers. He also included in this envelope a list of seven names, who we believe are all on the mailing list, of this organization, and we have talked to at least two of these people who have admitted that they are. We are unable to say how large it is, but its spread through-out the United States. Its in a closely-knitted group. Of those eight, five of them have been identified as Communist Party members in sworn testimony, Dombrowski, Carl Braden, William Howard Melish, and Aubrey Williams. One of them is an ex-convict, Rev. Shuttlesworth; one of them has been a national officers in a well-identified communist front; and the last one is the partner of the one who is in that communist front.

'And ye shall know the truth, and the truth shall make you free,'

lect, but ONLY A KLANSMAN POSSESS A KLANSMAN'S SOUL.' Therefore, as we seek to cover here our filthy rage and imperfect lives with the robe of a Klansman, may we through the grace of God and by following HIS CHRIST, be able to hide the scars and stains of sin with the righteousness of CHRIST when we stand before HIS GREAT WHITE THRONE.

THE HOOD

That hated hood, the terror of every evil force in the land, how they cry, 'take off the hood.' But they don't know what they say. They do not understand why we wear it or what it means. 'If they only knew.'

In the first place it helps to conceal our membership. The secret of our power lies in the secrecy of our membership. We are a great secret organization to aid the officers of the law and we can do our best work when we are not known to the public. By this means we see and hear everything. We know the evil forces but they do not know us. By our secret membership we gather a world of evidence and help to gather thousands into the meshes of the law that would otherwise escape.

It is also a symbol of UNSELFISHNESS. With the hood we hide our individuality and sink ourselves into the sea of Klankraft. Not as individuals, but as Klansmen, 'WE SACRIFICE TO SERVE.' Our motto is, 'NON SILBA SED ANTHAR --not for self but for others.' Therefore, we hide self behind the hood that we may be unselfish in our service.

Who can look upon a multitude of white robed Klansman without thinking of the equality and unselfishness of that throng of white robed saints in the GLORY LAND? May the God of Heaven, who looks not upon the outward appearance, but upon the heart, find every Klansmen worthy of the robe and hood he wears. Then when we 'DO THE THINGS WE TEACH' and 'LIVE THE LIVES WE PREACH.' the tile of of Klansman will be the most honorable title among men.

Thus with our symbols we seek to emphasize and impress the sacred, sublime and holy principles of Klankraft. WITH GOD AS OUR FATHER, CHRIST AS OUR CRITERION, THE BIBLE AS OUR GUIDE, THE CROSS AS OUR INSPIRATION, AND THE FLAG AS OUR PROTECTION, WE MEAN TO MARCH ON TO A TRIUMPHANT VICTORY FOR THE PRINCIPLES OF RIGHT IN THE UNITED KLANS OF AMERICA, KNIGHTS OF THE KU KLUX KLAN.

The Communist Plot to Get Control of Your Children

Rev. Ferrell Griswold

In June, 1957, Nikita Khrushchev, before a nation-wide American television audience, declared:

"I can prophesy that your grandchildren in America will live under socialism..."

Here is where the Communist vermin have their interest - they want your children and grandchildren. If you are over 30 years of age they are not interested in converting you to Communism. The reason for this may be found in their "scientific" law of economic determinism: Marx said.

"Man is an economically determined animal. Qualities of human intelligence, personality, emotional and religious life merely reflect man's economic environment. The evil a man does is just a reflection of his environment."

Marx taught that man was only an evolutionary animal. As an animal he has become infected with the disease of capitalism, individuality, and religious concepts. All traces of this poison must be eliminated from society. As the Communists conquer a country they are left with those people raised in a capitalist environment. This environment has formed their character and personality. This is an illness that will be transmitted to the children, unless the diseased part of the population is exterminated, and the children are put into correctional schools under state control.

Until they have conqured your country they will use you to promote their godless programs under the guise of "liberalism," or they will content themselves in lulling you into doing nothing to oppose the triumph of world Communism. Once the takeover comes the liberal intellectuals' will find themselves marked out to be slaughtered like diseased animals also, or they will be worked to death in slave labor camps. The Communists want your children and grandchildren who can be molded into obedient slaves of the State.

In his report to the House Committee on Un-American Activities J. Edgar Hoover said:

"It has long been a basic tenet of Communist strategy to control for its own evil purposes the explosive force which youth represents. In the relentless struggle for world domination being waged by them, Communists are dedicated to the Leninist principle that 'youth will decide the issue of the entire struggle-both the student youth and, still more, the working---class youth.' "

Mr. J. Edgar Hoover, in an address at the National Convention of the American Legion in Las Vegas, Nevada, October 9, 1962, pointed out that our youth are in danger from two sources, crime and Communism. This danger exists because of a moral break down within our Nation. He said:

"Crime and subversion are formidable problems in the United States today because, and only because, there is a dangerous flaw in our Nation's moral armor. Self indulgence--the principle of pleasure before duty--is practiced across the length and breadth of the land. It is undermining those attributes of personal responsible and self-discipline which are essential to our national survival. It is creating citizens who reach maturity with a warped sense of values and an undeveloped conscience.

"Crime is a parasite, feeding upon disinterest and moral lethargy. This day, more than 5,200 felonies--four serious crimes every minute--will be committed across the United States. They will include 430 crimes of violence--murders, forcible rapes and assualts to kill. At least 250 robberies, 10 an hour, will be recorded, as will 4,500 burglaries, major larcenies and automobile thefts.

"Since 1946, our national crime totals have more than doubled. Over the past five years, since 1957, these crimes have risen five times as fast as our growing population.

"Nowhere has this increase been more pronounced than among America's youth. Last year, persons under 18 years of age were involved in 43 percent of all arrests for serious crimes...

"There is a moral breakdown among young people in the United States. The crime rate is out distancing the population increase; pornography is flourishing; and there is a guest for status at the expense of morality...

"It is utterly tragic that many otherwise intelligent people develop a blind spot with regard to the conduct of their own children. Until there comes about a greater degree about a greater degree of parental understanding-real interest, affection and concern-we will witness a continued upsurge in juvenile crime.

"There must be a moral reawakening in every home of our country. Disrespect for law and order is a tragic moral illness...

"Crime has a sinister partner in promoting the breakdown of our moral standards. This partner is international communism--an aggressive and atheistic force which today controls one third of the world's population and one fourth of her land surface. The barbaric communist empire now stretches from the Wall of Berlin to the China Sea, from Asia's Mekong River to the Escambray Mountains of Cuba.

"In our country, this international conspiracy is represented by a bold and defiant Communist Party, fanatically dedicated to the destruction of our form of free government...

"Foremost among their targets have been America's young people, for the aim of communism is world youth and the capture and corruption of that youth.

"We have but to look at the shameful riots in San Francisco in 1960 when college youth in that area, encouraged by communists, acted like common hoodlums in demonstrating against a committee of the United States Congress engaged in public business...

"We have but to look at the Party's campus speech program which has seen communist functionaries appear before student groups at colleges and universities from New York to California. On one campus alone, a crowd of nearly 12,000 turned out to hear the Party's General Secretary, ex-convict Gus Hall, declared that the Communist Party USA, is a legitimate political organization on the American scene and deny its subservience to Moscow, from which it has been established that it actually receives orders and financial support.

"The success of these and other programs which the communists have directed against American young people can be measured by the enthusiasm of top Party officials who predicted several weeks ago that 1,000 youths could be recruited as Party members before the end of the year...

"We are at war with this sinister conspiracy! Every communist today must be considered an enemy, wherever he may be, at home or abroad!

"A 'soft' approach toward the menace of communism can lead only to national disaster...

"I repeat, a 'soft' attitude toward communism can destroy us! We should unite as a people, around an intelligent, rational, sensible but very hard attitude against communism everywhere..."

We can do no less than this when we realize that the freedom of our children are at stake!

To capture our youth the vermin will infiltrate our schools from grade to college level to spread their 'virus' in the name of academic freedom, that they might break down moral concepts and faith in the American system; they will penetrate into our churches that they might control youth groups, and spread their ideas of atheistic, 'progressive' programs in the name of Christianity and 'brotherhood'; they will enlist children in their "marches", "sit-ins", riots, and demonstrations to get them involved with the police that they might cry up "police brutality". (One of the aims of the Communists is to break down confidence in the law, and the enforcement of law by local policemen.)

In a report to the Communist Party National Committee, January 20, 1961, Gus Hall ordered Communist infiltrators "to work in every community, every peoples' organization, every labor union, every church, every house, every street, every point of gathering of our people. It is essential to reach not only the organized but the unorganized masses. What is required is the creation of a mass grass-roots movement for peace and disarmament involving literally millions of Americans. It is imperative to bring everyone -- men, women, youth and children -- into the struggle."

In 1935, at a meeting of the Communist International in Moscow, Kuusinen laid down the plans for the Soviet Union's capture of the young people of the world. Present at this meeting were William Z. Foster and Gil Green, head of the American Young Communist League. Kuusinen said: "We want to attack our class enemies in rear when they start the war against the Soviet Union...We need a revolutionary youth movement at least ten times as broad as our parties and the united youth front, hundreds of times broader still. That this is entirely possible in many countries is shown by the achievements of our French and American comrades."

The above statement was made in August, 1935. To illustrate what Kuusinen meant by the achievements of the American comrades it is only necessary to quote Gil Green, who said, in a speech, Full Speed Ahead, which appeared in International of Youth, March 1935, "The vast majority of American young workers and youth generally are organized, but in organizations directly or indirectly controlled or influenced by the ruling class. These organizations are the Y's, Settlement and Community Houses, Church Organizations, Amateur Athletic Union, etc. It is precisely in these organizations where we must work to win the youth for a working class program and leadership--and not only the young workers but also the farming and student youth...

"While in most districts the major problem is to send the bulk of our members into these organizations of the youth, in some places the problem is to give leadership to our comrades already in these organizations. For example, in the South we have more than 300 members who are also members of church youth organizations - especially the Baptist Young Peoples Union. In this district (Alabama) the problem confronting the leadership is to completely change the organization structure of the League. Where possible we should build shop untis and everywhere else units in the church youth organizations, Why? Because in the South, especially for the Negro youth, the church is the center of all cultural and social activity. It is here that we must work. By building our units in the church organizations we can improve our work under the illegal conditions, as it will be easier to work in the church organizations. In Alabama there are certain place in which we can in a short while take over the church organizations of youth, under our leadership, and these can become legal covers for our work in the South."

Because of the importance and seriousness of this subject I have abstained, as far as possible, from making personal comments. I have used long quotations from J. Edgar Hoover - a great American and one of the greatest authorities on the subject of Communism. I have used quotations from the Communists themselves that there might be no doubt about their plans with reference to our young people. The Communists are criminals and will use any illegal method to further their plans. The more confusion, choas, and corrupted minds they leave behind them the more satisfied they are. You and I, mothers and fathers, must assume responsiblity in the war against these criminals who would corrupt our schools, churches, homes, and youth organizations. The only effect weapons we have are Christianity and Americanism.

We must guide our children in what they read, hear, and see. If they are to be protected vrom this deadly 'virus' we must train them in the moral concepts set forth in the Bible. We must instruct them in the gospel, and see that they are exposed to those books which will create moral character. Also, we must show to them by example, love, and friendship, the greatness of the Christian religion. We should endeavor to bring them to a knowledge of Christ as Redeemer, and teach them to respect His authority.

Also, we must be concerned about our schools. We should know what our children are studying. We should encourage programs that emphasize American history, and are acquainted with the greatness of our Constitution and founding fathers.

We must work together to save America, and see that the that the youth of this land are prepared to be tomorrow's leaders!
